Aveda Founder - Horst M. Rechelbacher

Aveda Corporation's founder Horst M. Rechelbacher has redefined the face of beauty worldwide. For nearly four decades, he was a major motivating force in hair care and the beauty industry. As a world-renowned hair stylist, artist, entrepreneur, and educator, he was a master of innovation: moved by a keen intelligence, artistic talent, and quest for knowledge, he invented and perfected cutting-edge techniques, trends, products, and treatments imbued with the multiple benefits of pure flower and plant ingredients. His beliefs in the powers of nature and his efforts to preserve the environment, combined with his lifelong commitment to excellence, have spawned a new sense of beauty that goes far beyond surface image. Reflected in Aveda's expanding global network of educational institutes, salons, spas and Environmental Lifestyle Stores, the Aveda concept of beauty encompasses a complete system of care, using plant-based products, treatments, and simple rituals to enhance appearance, well-being, and the quality of life. In turn, this approach also advocates more environmentally responsible business practices and lifestyles. Horst's dynamic vision and ideas are embodied in the Aveda Institutes, which he founded in 1976. Under his vital leadership, the Aveda Institutes have become an internationally acclaimed center of learning for professionals in cosmetology, esthiology, manicuring, spa body care and massage. The very essence of Horst's vision and ideas, The Aveda Institutes are a stimulating, interactive learning center that offers a comprehensive program that blends basic theory with practical experience in real-life salon and spa environments.

The student will also need to meet with a Financial Aid representative to fill out the Financial Aid forms and provide documentation for information entered on their FAFSA.

Student Responsibilities with the Office of Financial Aid

Protecting, maintaining, and renewing financial aid is a very important responsibility for all students. A student's financial aid responsibilities include the following:

- Acknowledging and meeting all deadlines for applying/reapplying for Financial Aid
- Providing complete and accurate information on the FAFSA and financial aid forms
- Responding to all requests for additional documentation in a timely manner
- Providing updated information when changes occur such as a withdrawal from university, a change in enrollment status, name, marital status or expected date of graduation
- Being in good Academic Standing with the University as well as maintaining Satisfactory Academic Progress (SAP)
- Reading all documents, the Office of Financial Aid sends to the student

Misreporting information for Federal Financial Aid is a violation of the law and is considered a criminal offense.

Loan Repayment & Financial Aid Disclosures

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student has received federal student financial aid funds, the student is entitled to a refund of the money not paid from federal student financial aid program funds.

If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

- 1) The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
- 2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

Return of Title IV R2T4 (Federal Student Aid)

The law specifies how a school must determine the amount of Title IV program assistance that a student earns if he/she withdraws from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Direct Student Loans, PLUS Loans, and Federal Supplemental Educational Opportunity Grants (FSEOGs). All R2T4 calculations are completed within 30 days from the Date of Determination (DOD) and all refunds back to the US Department of Education are returned within 45 days from the DOD. Any credit balances currently on the students account, will be disbursed within 14 days of withdrawal.

Order of Returns

- Federal Direct Unsubsidized loans
- Federal Direct Subsidized loans
- Federal Direct Parent Loan for Undergraduate Students (PLUS)
- Federal Pell Grant

When a student withdraws during the payment period the amount of Title IV program assistance that he/she has earned up to that point is determined by a specific formula. If the student received (or the school or parent received on the student's behalf) less assistance than the amount that the student earned, the student may be able to receive those additional funds. If the student received more assistance than he/she earned, the excess funds must be returned by the school and/or the student.

The amount of assistance that the student has earned is determined on a pro-rata basis. For example, if the student completed 30% of the scheduled hours in their payment period, the student earns 30% of the assistance he/she was originally scheduled to receive. Once the student has completed more than 60% of the scheduled hours in his/her payment period, the student earns all the assistance that he/she was scheduled to receive for that period.

If the student did not receive all the funds that he/she earned, the student may be due a Post withdrawal disbursement. If the post-withdrawal disbursement includes loan funds, the academy must get the student's permission before it can disburse them. The student may choose to decline some or all of the loan funds so that he/she doesn't incur additional debt. The academy may automatically use all or a portion of the post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). If the student is eligible for any post-withdrawal disbursements, they will be notified in writing of that eligibility within 30 days. All post-withdrawal funds are credited to the students account first and any resulting credit balance will be disbursed within 14 days of the credit being created.

The school needs the student's permission to use the post-withdrawal grant disbursement for all school charges over and above Tuition and Fees.

There are some Title IV funds that the student was scheduled to receive that cannot be disbursed to him/her upon withdrawal because of other eligibility requirements. For example, if the student is a first-time borrower for student loans and has not completed 30 days of school. That student would not be eligible for any student loan disbursements.

If a student fails to notify the school then the absence will be considered a no-call, no show.

Satisfactory Academic Progress

Cinta Aveda Institute's Satisfactory Academic Progress is consistently applied to all students enrolled at the school, regardless of their class schedule. This policy is provided to all students prior to enrollment by printing in the school catalog. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education. Cinta Aveda Institute's Satisfactory Academic Progress Policy includes both quantitative (attendance) and qualitative (academic performance) elements that are evaluated on a cumulative basis, as explained in the policy.

Evaluation Periods

The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course. Evaluations will be performed on **scheduled** hours. The chart below details the evaluation points applicable to each program:

Program	Hours	Evaluation Point in Scheduled Hours
Cosmetology	1500	<ul style="list-style-type: none"> • 450 hours • 900 hours • 1,200 hours

Attendance Progress Evaluations

For a student to be deemed making satisfactory attendance progress (quantitative), the student must maintain a minimum attendance average of 70%. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued (clocked by the student), by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 70% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame of one and one-half 143% times the length of the course.

Qualitative Progress

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic (qualitative) learning. Students are assigned both academic learning (written exams) and a number of practical evaluations. Academic learning is evaluated during each unit of study, using class quizzes, written exams and practical tests. Practical skills are evaluated according to course rubrics adopted by the school and provided to students. Students must maintain a cumulative academic grade average of 75% to maintain satisfactory attendance progress. Students may make up failed or missed tests and incomplete assignments, in accordance with the school's published policy for Scheduling and Grading, Make-Up Work, Incompletes and Repetitions. A student's grade point average is determined by a combined average of all practical and written examinations. Individual student academic records are kept by the school. Students will be notified of any evaluation that impacts their Title IV financial aid or Veteran's funding eligibility, if applicable.

Maximum Time Frame

Students are required to complete the program and/or course within 143% of the published program length. The maximum time frame permitted for transfer students who need less than the full course length will be determined based on the number of scheduled contracted hours. Any student who has exhausted the maximum time frame will be dropped from the program and may elect to re-enroll on a cash pay basis in a manner consistent with the school's admissions policy.

Grading System

Students are graded by using a grading system of 0 to 100 points. Students must maintain a "80" average to maintain (80% or higher) satisfactory academic status. The system detailed below is the grading system utilized in this college.

95% - 100%	A	Excellent
85% - 94%	B	Very Good
75% - 84%	C	Satisfactory
74% - 0%	F	Not Passing

Warning

Students who do not meet Satisfactory Academic Progress requirements will be placed in the status of Financial Aid Warning. Students on Financial Aid Warning may continue to receive Title IV funding and/or Veteran's Educational funding, if applicable, until the next scheduled evaluation. Students must meet the minimum requirements for attendance and academics by the next scheduled evaluation, to be deemed making Satisfactory Academic Progress.

Probation

In the event a student is not making SAP by the end of their warning period, an SAP probation period for students not considered meeting minimum standards at this time may be allowed if:

- a. The institution evaluates the student's progress and determines that the student did not make satisfactory academic progress at the end of the warning period; and
- b. The student appeals the decision in writing, and prevails upon appeal of a negative progress determination prior to being placed on probation; and
- c. The institution determines that satisfactory academic progress standards can be met by the end of the subsequent evaluation period; or
- d. The institution develops an academic plan for the student that, if followed, will ensure that the student is able to meet the institution's satisfactory academic progress requirements by a specific point within the maximum time frame established for the individual student.

The student may appeal the determination within 30 calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeals are reviewed and decided on by a team involving the Director of Financial Aid and Academics. A response to the Appeal will be provided to the student within 10 days of receipt. The appeal decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be changed to the status of probation and federal financial aid will be reinstated, if applicable.

Academic Progress Status

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students receiving Title IV educational benefits and/or Veterans benefits may have their benefits discontinued if the student fails to meet Satisfactory Academic Progress minimum requirements, if applicable.

Re – Establishment of Progress

Students not meeting Satisfactory Academic Progress standards will be notified in writing of the actions required to attain the minimum requirements for attendance and academics by the next scheduled evaluation.

Evaluation Results

All Satisfactory Academic Progress evaluations will be completed by the school within 7 school business days following the evaluation period, students will be notified of the results of their evaluation(s) either by email (electronically) or in person (paper). Students will be notified of any evaluation in which the student is not making Satisfactory Academic Progress.

Interruptions, Leave of Absences & Withdraws

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of calendar days taken in the leave of absence and will not be included in the

student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Incompletes, Withdraws & Repetitions

Incompletes, withdrawals, and repetitions do not apply to the institution and have no effect upon the institution's satisfactory academic progress standards if the institution has no such items or policies.

Transfer Students & SAP

Transfer Students are evaluated at the midpoint of the contracted hours or the established evaluation periods, whichever comes first. Accepted transfer hours for students entering from another institution will be counted as both attempted and completed for the purpose of determining when the allowable maximum time frame has been exhausted. When transfer hours are accepted for training. SAP evaluation periods are based on actual contracted hours at the institution.

Leave of Absence Policy

Occasionally students may experience extended personal, medical or other problems that make it difficult to attend class. Cinta Aveda Institute will review requests for a Leave of Absences (LOA) for **all** students. An LOA is granted or denied at the sole discretion of the school's administration. A Leave of Absence (LOA) request will be granted for no less than 7 days and cannot exceed 180 calendar days in any given 12-month period. A written signed request for LOA can be submitted in-person to the school's Admission Office. Requests will be granted for family medical reasons, jury summons, death in the family, military service and other reasons approved by the school's administration. **All students must follow Cinta Aveda Institute's policy in requesting a LOA.**

The request for a leave of absence must be accompanied by a written signed statement as to the reason for the request.

All requests must be made in advance unless unforeseen circumstances prevent the student from doing so. Cinta Aveda Institute may grant a LOA to a student who did not provide a request prior to the LOA due to unforeseen circumstance if the institution documents the reason for its decision and collects the request from the student at a later date. In this event, the beginning date of the approved LOA would be the first date the student was unable to attend school because of the accident, illness or other approved event.

A student granted a LOA in accordance with this policy is not considered to have withdrawn and no refund calculation is required at the time of approval.

A leave of absence will extend the student's contract period and maximum time frame by the same number of **calendar** days taken in the leave of absence. There will be NO additional charges while student is on an approved LOA.

- Student's contract period will be extended by the same number of calendar days taken in the LOA and these changes to the enrollment agreement will be initialed by all parties and/or on an addendum to the enrollment agreement which must be signed by all parties, **or initialed by all parties if made to the original enrollment agreement.**
- The student will be withdrawn if he/she takes an unapproved LOA or if student does not return by the expiration of an approved LOA. The student's withdrawn date for the purpose of calculating the refund will be the student's last date of attendance.

Students returning from a leave of absence will return to the academic progress accomplished before the start of the leave of absence.

Make Up Policy

Students who know they will be missing written and/or practical quizzes or tests may make it up ahead of time to receive full credit. It is the student's responsibility to coordinate the time with their educator and it may fall outside of their normally scheduled hours. Students who are absent the day of written or practical exams (quiz/test) can take the exam within 3 school days for full credit. Massage students are required to make up the exam/quiz within 30 days for full credit. Failure to comply with the makeup policy will result in a 20% reduction in score value.
